

Pico BriO

THE VERY (VERY)
SMALL LIGHT

THE LITTLE NEWCOMER

The Pico BRiO is the latest innovation in CCEI's BriO lighting range, joining the Mid BriO and Mini BriO models. Thanks to the Pico, you can bring a sophisticated, personalized touch of light to your pond while maintaining low energy consumption.

ULTRA-COMPACT LIGHT

With a diameter of just 28 mm, this ultra-compact light is designed for maximum flexibility in illuminating your pond, offering the possibility of multiplying light points.

FOR POOLS AND MORE

Integrate the Pico BRiO into your outdoor space for a harmonious, modern lighting ambience with the Garden Kit: a stand in which the Pico BriO can be installed, even outside the pond.

UNLIMITED NUMBER OF LIGHT POINTS

Ideal for installation on stair treads or to create luminous water lines, the Pico BRiO blends discreetly into your pool environment. Thanks to its small size, it's possible to install a large number of them without disrupting the aesthetics of your aquatic space. Its ability to be placed in tight spaces makes it the ideal choice for precise, targeted illumination.

- ✓ Pool lighting: Create a magical atmosphere in your pool by multiplying light points.
- ✓ Stairs and copings: Illuminate your steps for added safety and a striking visual effect.
- ✓ Light output of 160 lumens for monochrome spotlights and 150lm for colorcon spotlights
- ✓ Flexibility of installation: its small size makes it easy to install in a variety of ways, according to your needs and desires.
